

Common Criteria Interpretations Management Board (CCIMB)

ISO/IEC JTC 1/SC 27/WG 3 N472

Presentation to WG 3 Experts

Madrid, 1999-04-19

Common Criteria Project Status

ISO/IEC JTC 1/SC 27 WG 3

Madrid, Spain

April 19, 1999

- CCIMB activities
- Requests for Interpretation (RI)
- Mutual Recognition Arrangement (MRA)
- Translation of the CC
- PP Registration
- Document Contribution
- Common Evaluation Methodology

CCIMB activities

- two meetings
- liaison with ISO/ WG 3
- support for implementing ITTF comments
- working on Requests for Interpretation

Requests for Interpretation (RI)

- **About 30-40 RI handled**
- **main sources: methodology work and CC evaluations**
- **First drafts will be published in the Common Criteria Support Environment**

Mutual Recognition Arrangement (MRA)

- Australian governmental organisation is applicant
- considerations of an international treaty
- “management committee” established

Document Contribution

- **Guidance on Specifying Cryptographic Functionality (N469)**
- **also used for the Guide on the production of PPs and STs, annex C (N 2172)**

Translation of the CC

- **currently translations into French and German**
- **almost completed**
- **will be used for national standards**

PP Registration

- more and more PPs are registered
- no need to reinvent the wheel
- CC organisations publish PPs on their websites (see Annex A of Part 1)
- French address <http://www.scssi.gouv.fr>

Common Evaluation Methodology

- **experts were informed about the publication of version 0.6 in February 1999**
- **CEMORs expected**
- **becomes more relevant since MRA has been signed**
